TWO IMPORTANT REMINDERS

1. Credit Card Security Codes:

In order to help avoid Credit Card fraud, our bankers have asked that in future all Credit Card transactions should include the three or four digit Security Code. This appears on the reverse of your card in the signature strip – we require only the last three digits (American Express cards have a four digit code on the front of the card). A space has been left for you to include this on the renewal form.

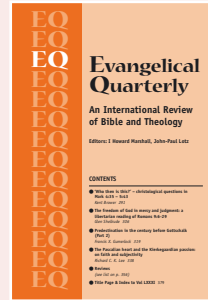

2. Missing Copy Claims:

To ensure that copies reach you will you please include a **named individual** as recipient for your subscription – particularly if you are an institutional subscriber. In future we shall only be able to accept claims for missing issues up to six months after the currency of issue (for example, for a **July-September** issue no claim will be accepted after the following **March 31st**).
